

**MINI  
HARP RACK**

# GROVES KNOWS GLASS.

## **We've Taken the Mini to the Max**

Store and maneuver glass in small or confined work spaces with a Groves Mini Harp Rack. Though it may be small, it's big on details. Accommodating up to 29 pieces of glass while offering maximum flexibility with rods positioned at  $\frac{7}{16}$ " or  $1\frac{5}{16}$ " apart. A low-friction, high-density polyethylene floor allows for smoother sliding glass. Easier to maneuver and stabilize with four, non-marking, 1000 lb. rated swivel casters and two front-mounted foot locks. Durable construction and gray powder-coated finish guarantee years of dependable service.
